Speaker To Talk On Takeover Plot

A spokesman for a group which has charged that the U.S. Central Intelligence Agency (CIA) and its Soviet counterpart ~~are plotting to~~ take over the United States will speak at 2 p.m. today at the Quaker Meeting House on Quaker Lane, West Hartford.

The organization, the National Caucus of Labor Committees, claims they learned of the alleged takeover through the deprogramming of one of their own members. The group claims that CIA and KGB (Soviet secret police) are brainwashing extensive portions of the country's population in preparation for their ultimate takeover.
